APPEALS

Internal Assessments/Non-Examination Assessments

- 10.2 Work will be marked by staff who have appropriate knowledge, understanding, and skill, and who have been trained in this activity. Work is authenticated in line with the requirements of the awarding body and will be internally moderated and standardised to ensure consistency of marking. Raw marks will be reported to learners before the awarding body's submission deadline date.
- 10.3 If a learner does not believe that this may have happened in relation to their work, he/she may appeal. An Appeal can only be made against the assessment process and not against the mark to be submitted to the awarding body.
- a) *Appeals should be made as early as possible to ensure that the internal appeals process is completed prior to the submission of centre marks to the awarding body.*
 - b) *Appeals must be made in writing.*
- 10.4 This applies to all exam work that is assessed internally within the Academy. e.g., Non-Examined Assessments, coursework and controlled assessments for GCSE, A Level, BTEC and Cambridge National/Technical courses.
- a) The learner/parent/guardian should initially approach the subject teacher to discuss the issue. They can request copies of materials to assist them in considering whether to make a request for a review of the centre's marking.
 - b) If there is still a concern the learner/parent/guardian should submit a request for a review of marking in writing to the CL; this should be within 5 working days of the marks having been given by the teacher.
 - c) The CL should give an initial reply within 48 hours. All the evidence will be reviewed to ensure that the work has been marked and internally moderated as per awarding body regulations. If deemed necessary, the CL can request a remark/re-moderation of the learner's work. A full response should be given to the complainant within 5 working days from the day the request for a review was received.
 - d) If the learner/parent/guardian is not satisfied with the reply, they should refer the appeal to the VP. This must be made, in writing, within 2 working days of receiving the reply from the CL, giving detailed and specific reasons why they disagree with the marking outcome.
 - e) The VP should normally meet the learner/parent/guardian to discuss the appeal. The VP will review all the evidence and reply within 10 working days from receiving the appeal.
 - f) If the learner/parent/guardian is still not satisfied with the reply, the learner/parent/guardian should refer the appeal to the HOC, this must be done within 1 working day of the outcome from the VP.
 - g) The HOC should review all the evidence and inform the learner/parent/guardian of the

outcome within 5 working days.

- 10.5 The above timings do not include designated school holidays. The decision of the HOC is final.
- 10.6 A written record will be kept at each stage and made available to the awarding body upon request. Should the appeal bring any irregularity in procedures to light, the awarding body will be informed.

External Assessments

- 10.7 This applies to all exam work that is assessed externally. In general, it relates to written papers and to pieces of coursework/controlled assessment that are wholly assessed externally.
- 10.8 It is possible to appeal against the procedures of an Awarding Body in the conduct of an examination. This is not to be confused with an Exam Result Enquiry. It is not possible to appeal against the outcome of a Result Enquiry unless there is evidence that the awarding body was not adhering to the Code of Practice; guidance can be found in the JCQ publications *Post-results services* <http://www.jcq.org.uk/exams-office/post-results-services> and *A guide to the awarding bodies' appeals processes* <http://www.jcq.org.uk/exams-office/appeals>
- 10.9 An appeal might be in relation to the inappropriate application of a mark scheme or a change in specification without it being properly made known to Centres. In each case the HOC and the EO will look at the Code of Practice to determine if there has been a procedural error.
- 10.10 Any appeal must be made through the VP on behalf of learners; submissions will not be accepted from individual learners.
- 10.11 If a procedural error is identified the EO will initiate the Appeals Procedure with the relevant Awarding Body. This may take up to six months after the results are published before an outcome is known.
- 10.12 The arbiter is the Examinations Appeals Board (EAB) and their decision is final.

Enquiries About Results (EARs)

- 10.13 In the event that a CL refuses to allow a learner to submit an Enquiry about Results, the learner has the right to appeal, in writing, to the VP. If they still do not agree with the decision, a final appeal can be made to the HOC: their decision is final.

10.14 In all instances, the awarding body's deadline date must be adhered to*. Requests past this date will not be accepted by the awarding body, it is therefore the learner's responsibility to ensure they request an EAR and allow time for any necessary appeals.

**the deadline dates for EARs is communicated to learners prior to and on the day exam results are published along with the relevant fees by the EO.*

10.15 If an EAR is made and the learner wishes to appeal the decision given by the awarding body, they must contact the EO within 24 hours of the outcome being provided to the learner. The EO will provide details of the criteria and evidence needed to appeal the decision.

INTERNAL VERIFICATION (IV)

11.1 The IV process should be valid, reliable, and cover all assessors, regardless of the programme of study. The IV procedure is open, fair, free from bias, and detailed and accurate IV decisions are kept within each department.

11.2 RBA will:

- a) Ensure that all centre assessment instruments are verified as fit for purpose.
- b) Verify an appropriate structured sample of assessor work from all programmes and teams, to ensure centre programmes conform to awarding body standards and requirements.
- c) Plan an annual IV schedule, linked to assignment plans.
- d) Define, maintain, and support effective IV roles.
- e) Ensure that identified staff will maintain secure records of all IV activity.
- f) Brief and train staff of the requirements for current IV procedures.
- g) Promote IV as a developmental process between staff.
- h) Provide standardised IV documentation.
- i) Use the outcomes of IV to enhance future assessment practice.

MALPRACTICE

12.1 This section, along with the whole policy, is reviewed and updated annually to ensure that any malpractice at Richard Barnes Academy is managed in accordance with current requirements and regulations. Reference in the policy to GR and SMPP relate to relevant sections of the current JCQ publications General Regulations for Approved Centres and Suspected Malpractice: Policies and Procedures.

12.2 RBA has a 'Whistle Blowing' policy for reporting malpractice.

12.3 What is malpractice and maladministration?

'Malpractice' and 'maladministration' are related concepts, the common theme of which is that they involve a failure to follow the rules of an examination or assessment. This policy and procedure uses the word 'malpractice' to cover both 'malpractice' and 'maladministration' and it means any act, default or practice which is:

- a breach of the Regulations
- a breach of awarding body requirements regarding how a qualification should be delivered
- a failure to follow established procedures in relation to a qualification

which:

- gives rise to prejudice to candidates
- compromises public confidence in qualifications compromises, attempts to compromise or may compromise the process of assessment, the integrity of any qualification or the validity of a result or certificate
- damages the authority, reputation or credibility of any awarding body or centre or any officer, employee or agent of any awarding body or centre (SMPP 1)

12.4 Candidate malpractice

'Candidate malpractice' means malpractice by a candidate in connection with any examination or assessment, including the preparation and authentication of any controlled assessments, coursework or non-examination assessments, the presentation of any practical work, the compilation of portfolios of assessment evidence and the writing of any examination paper. (SMPP 2) Examples are noted in Appendix 1.

12.5 Centre staff malpractice

'Centre staff malpractice' means malpractice committed by:

- a member of staff, contractor (whether employed under a contract of employment or a contract for services) or a volunteer at a centre; or

- an individual appointed in another capacity by a centre such as an invigilator, a Communication Professional, a Language Modifier, a practical assistant, a prompter, a reader or a scribe (SMPP 2) Examples are noted in Appendix 1.

12.6 Suspected malpractice

For the purposes of this document, suspected malpractice means all alleged or suspected incidents of malpractice. (SMPP 2)

12.7 General principles

In accordance with the regulations Richard Barnes Academy will:

- Take all reasonable steps to prevent the occurrence of any malpractice (which includes maladministration) before, during and after examinations have taken place (GR 5.11)
- Inform the awarding body immediately of any alleged, suspected or actual incidents of malpractice or maladministration, involving a candidate or a member of staff, by completing the appropriate documentation (GR 5.11)
- As required by an awarding body, gather evidence of any instances of alleged or suspected malpractice (which includes maladministration) in accordance with the JCQ publication Suspected Malpractice - Policies and Procedures and provide such information and advice as the awarding body may reasonably require (GR 5.11)

12.8 Preventing malpractice

Richard Barnes Academy has in place:

- Robust processes to prevent and identify malpractice, as outlined in section 3 of the JCQ publication Suspected Malpractice: Policies and Procedures. (SMPP 4.3)
- This includes ensuring that all staff involved in the delivery of assessments and examinations understand the requirements for conducting these as specified in the following JCQ documents and any further awarding body guidance: General Regulations for Approved Centres 2023-2024; Instructions for conducting examinations (ICE) 2023-2024; Instructions for conducting coursework 2023-2024; Instructions for conducting non-examination assessments 2023-2024; Access Arrangements and Reasonable Adjustments 2023-2024; A guide to the special consideration process 2023-2024; Suspected Malpractice: Policies and Procedures 2023- 2024; Plagiarism in Assessments; AI Use in Assessments: Protecting the Integrity of Qualifications; A guide to the awarding bodies' appeals processes 2023-2024 (SMPP 3.3.1)

12.9 Informing and advising candidates

JCQ documents are sent to candidates on an annual basis to inform them of how to avoid committing malpractice and misusing AI in NEA. A presentation is provided to candidates by either the EO or VP to verbally explain how to avoid malpractice and to highlight to learners the potential consequences of malpractice by candidates.

12.10 Misuse of AI

Online AI tools can be used in a variety of ways including – answering questions, analysing text, improving text or generating new text. To ensure that AI is not misused in any part of a candidate’s assessment, coursework or portfolio the centre will take the following actions:

Staff will:

- Familiarise themselves with the JCQ document [JCQ-AI-Use-in-Assessments-Protecting-the-Integrity-of-Qualifications.pdf](#)
- Ensure that candidates are aware of the appropriate and inappropriate use of AI, the risks of using AI, and the possible consequences of using AI inappropriately in a qualification assessment.
- Ensure that candidates are aware of the correct way to reference sources and AI use in their work.
- Ensure that laptops used for assessments have restricted access to online AI tools.
- Take appropriate action to investigate any work that they suspect has been generated using AI tools, and take appropriate action, with reference to the [JCQ-AI-Use-in-Assessments-Protecting-the-Integrity-of-Qualifications.pdf](#) document.

Candidates will:

- Be aware of the appropriate and inappropriate use of AI, the risks of using AI, and the possible consequences of using AI inappropriately in a qualification assessment.
- Ensure that any assessment, coursework or part of a portfolio submitted for a qualification is demonstrably their own work.
- Declare any parts of an assessment, coursework or part of a portfolio that has been generated using AI, and understand that this work may not be assessed.

12.11 Identification and reporting of malpractice

Escalating suspected malpractice issues

Once suspected malpractice is identified, any member of staff at the centre can report it using the appropriate channels (SMPP 4.3)

Suspected malpractice should be reported to Katy Bruce (exams officer) this will be escalated to Sarah Judge (Vice Principal) and Claire Everton (Head of Centre).

Reporting suspected malpractice to the awarding body

All incidents of suspected staff and centre malpractice/maladministration and all incidents of suspected candidate malpractice identified after the candidate has signed the declaration of authentication will be reported to the Awarding Organisation as per JCQ Guidance. Incidents of suspected candidate malpractice identified before the candidate has signed the declaration of authentication do not need to be reported to the Awarding Organisation.

- The Exam Officer will notify the appropriate awarding body immediately of all alleged, suspected or actual incidents of malpractice, using the appropriate forms, and will conduct any investigation and gathering of information in accordance with the requirements of the JCQ publication Suspected Malpractice: Policies and Procedures (SMPP 4.1.3)
- The head of centre will ensure that where a candidate who is a child/vulnerable adult is the subject of a malpractice investigation, the candidate's parent/carer/ appropriate adult is kept informed of the progress of the investigation (SMPP 4.1.3)
- Form JCQ/M1 will be used to notify an awarding body of an incident of candidate malpractice. Form JCQ/M2 will be used to notify an awarding body of an incident of suspected staff malpractice/maladministration (SMPP 4.4, 4.6)
- Malpractice by a candidate discovered in a controlled assessment, coursework or non-examination assessment component prior to the candidate signing the declaration of authentication need not be reported to the awarding body but will be dealt with in accordance with the centre's internal procedures. The only exception to this is where the awarding body's confidential assessment material has potentially been breached. The breach will be reported to the awarding body immediately (SMPP 4.5)
- If, in the view of the investigator, there is sufficient evidence to implicate an individual in malpractice, that individual (a candidate or a member of staff) will be informed of the rights of accused individuals (SMPP 5.33)
- Once the information gathering has concluded, the head of centre, VP or EO (or other appointed information gatherer) will submit a written report summarising the information obtained and actions taken to the relevant awarding body, accompanied by the information obtained during the course of their enquiries (5.35)
- Form JCQ/M1 will be used when reporting candidate cases; for centre staff, form JCQ/M2 will be used (SMPP 5.37)

- The awarding body will decide on the basis of the report, and any supporting documentation, whether there is evidence of malpractice and if any further investigation is required. The head of centre will be informed accordingly (SMPP 5.40)

Additional information:

The accused individual will be offered the opportunity to write a statement with their version of events as part of any investigation.

12.12 Communicating malpractice decisions

Once a decision has been made, it will be communicated in writing to the head of centre as soon as possible. The head of centre will communicate the decision to the individuals concerned and pass on details of any sanctions and action in cases where this is indicated. The head of centre will also inform the individuals if they have the right to appeal. (SMPP 11.1)

Appeals against decisions made in cases of malpractice

Richard Barnes Academy will:

- Provide the individual with information on the process and timeframe for submitting an appeal, where relevant
- Refer to further information and follow the process provided in the JCQ publication A guide to the awarding bodies' appeals processes

12.13 Other candidates affected by malpractice

Should other candidates be affected as a result of suspected malpractice by a candidate the Academy will apply to the Awarding Body for special consideration . A JCQ/SC Form 10 will be submitted for this purpose.

RESULTS, ENQUIRIES ABOUT RESULTS AND ACCESS TO SCRIPTS

Results

13.1 The HOC is responsible for ensuring results are kept entirely confidential and restricted to key members of staff until the official date and time of release of results to learners.

13.2 The EO will publish the dates of results for each exam series. They will inform learners in advance of when and how results will be released to them.

- 13.3 Learners will receive individual result slips; these can only be collected in person on results day at the Academy or by prior arrangement whereby the learner will need to provide the EO with a stamped addressed envelope for results to be posted. Results will not be emailed or given out over the telephone. A third party may collect results in person from the Academy but must have visual ID and a signed and dated letter from the candidate stating that that person has permission to collect results on their behalf. If a learner is unhappy about a result, they can request the Academy to submit an Enquiry About Results, i.e., a clerical check or a review of results, or an Access to Script (marked written paper returned).
- 13.4 Arrangements for the school to be open on results days are made by the HOC and the EO.
- 13.5 The provision of staff on results day is the responsibility of the HOC.
- 13.6 Dates for EAR and ATS will be published before results day to staff and learners.

Special Consideration

Special consideration is a post-examination adjustment to a learner's mark or grade to reflect temporary illness, temporary injury, or some other event outside of the learner's control at the time of the assessment, which has had, or is reasonably likely to have had, a material effect on a learner's ability to take an assessment or demonstrate his or her normal level of attainment in an assessment. It cannot remove the difficulty faced by the learner and the awarding bodies can only make minor adjustments to the marks awarded.

- 13.7 There are two types of special consideration:
- a) A learner is present but disadvantaged. The awarding body can apply an enhancement of the learner's mark of between 0% - 5%.
 - b) A learner is absent for acceptable reasons. The exam is in the terminal series (e.g., final exam session before final qualification grades are awarded) and the minimum requirements for enhanced grading in cases of acceptable absence can be met. If there is an opportunity for the learners to be re-entered in the next available exam series before certification, special consideration will not be applied for.
- 13.8 It is the learner's responsibility to inform the EO of any circumstances affecting their exams.
- 13.9 The EO will require appropriate evidence or information, either from the learner or where appropriate, from centre staff before any application will be submitted to the awarding body.

- 13.10 Where eligible, special consideration will be applied for per JCQ's publication *A guide to the Special Consideration Process*. This may be for one individual exam or a whole series of exams depending on the circumstances.
- 13.11 There may be situations where candidates should not be entered for an examination; this decision will be taken by the Vice Principal in liaison with parents/the candidate.

Enquiry About Results (EARs)

- 13.12 Learners can request an EAR for their own exam results: the fees for this are payable by the learner. A signed consent form and fee must be provided before an EAR application will be processed.
- 13.13 A Service 2 EAR (Review of Results) request can be made by a HOD or SLT only with signed consent of the learner(s); emails are not permissible forms of written consent. All requests made at the Academy's expense must be agreed by the relevant SLT member before processing by the EO.
- 13.14 Requests for a Service 3 EAR (Review of moderation of coursework) must be approved at Vice Principal level or higher before processing by the EO.
- 13.15 The awarding body deadline date for requests is final and requests will not be accepted after this date.
- 13.16 In the event that a member of staff refuses to accept an EAR made by a learner, the learner has the right to appeal.

Access to Scripts (ATS)

- 13.17 After the release of results, learners may request the return of their exam scripts at their own expense.
- 13.18 Curriculum Leads or SLT may request scripts for investigation for teaching purposes at the Academy's expense. The learners' written permission must be obtained before the application is made to the exam office; these will be processed via the non-priority service offered by the awarding bodies.
- 13.19 There are two services available for ATS requests: Priority and Non-Priority.
- a) Priority applications: a copy of the exam script will be received before the deadline date for EARs.

- b) Non-Priority requests: an electronic copy or the original script will not be received until after the deadline date for EARs.

13.20 The awarding bodies determine

- a) the availability of units available for ATS
- b) the service availability for each component

CERTIFICATES

- 14.1 Certificates received from the awarding bodies will be monitored to ensure accuracy of details and qualifications awarded.
- 14.2 Learners should collect and sign for their certificates in person. When this is not possible, certificates may be collected by a third party, provided they have written authorisation by the learner to do so. In all instances, photographic ID must be shown and a receipt signed before certificates are released.
- 14.3 Certificates will be posted on receipt of a letter from the learner confirming the address and payment of a fee for a traceable postal service.
- 14.4 Certificates are kept for a minimum of one year from receipt into the centre; after which time they are destroyed in accordance with awarding body guidelines. The learner is liable for any fees charged by the awarding bodies for certificates requested after this period or for replacement certificates in the event of loss/damage.
 - a) For those learners who have left the Academy and not collected their certificates within 12 months, the EO will post at least one letter addressed to the parents at the last known home address as reminder before the certificates are destroyed.
 - b) For those learners still at the Academy, email reminders will be sent either directly to individual learners or via their tutor.
- 14.5 A certificate log will be kept by the EO.

EMERGENCY PROCEDURES DUE TO ADVERSE WEATHER CONDITIONS

- 15.1 In the event that the Academy is closed due to bad weather all efforts will be made so that external exams will proceed as normal.

- 15.2 In the case of an early warning of bad weather a member of the Facilities Team will visit the Academy at 06:15. They will assess the situation and phone the Principal to discuss the conditions.
- 15.3 The Principal will make a decision regarding possible closure. In certain circumstances the Academy may need to stay open for a specific reason such as external exams. Therefore, staff living within walking distance of the Academy, should make every effort to attend, in order to support in caring for any learners who turn up.
- 15.4 In the event that external exams are scheduled:
- a) The EO will be advised of the situation at the earliest opportunity. The designated SLT staff member will deputise as the on-site EO if needed.
 - b) The EO is responsible for contacting those invigilators that live within walking distance of the school to request their attendance.
- 15.5 Also see the Examinations Contingency Plan Policy.

EMERGENCY EVACUATION PROCEDURE

- 16.1 In the event of an emergency evacuation of an exam venue, the safety of the learners and staff is paramount. This may be due to the school fire alarm sounding, or, in exceptional circumstances, where learners are severely disadvantaged or distressed by remaining in the room, for example serious illness of a learner or invigilator.
- 16.2 **Exam security must be maintained at all times; any breaches should be reported immediately to the EO.**
- 16.3 For exams in the main Academy building:
- a) The learners must leave all materials on their desks.
If there is a small cohort of learners, the invigilator can collect exam scripts/materials and take these with them. In the event returning to the exam room is not permissible, the exam can then take place at another venue.
 - b) The Invigilator will note the time, collect the attendance list and evacuate the learners from the exam room to the designated assembly point.
 - c) A roll call/head count must be taken to ensure all learners/staff are out of the building.
 - d) Absences must be reported immediately to the Evacuation Officer in charge and the EO.
 - e) The EO will make their way to the assembly point to assist.
- 16.4 The EO will contact the necessary awarding body to advise them of the situation and for guidance.

- 16.5 If notified it is safe to return by the Evacuation Co-ordinator, the learners should be escorted back to the exam venue. If possible, the Invigilator will restart the exam, giving learners the full remaining time allowance.

Roles and Responsibilities:

- 16.6 **Head of Centre** ensures emergency evacuation policy is fit for purpose and complies with relevant health and safety regulations.
- Ensures any instructions from relevant local or national agencies are followed where applicable e.g., emergency services, National Counter Terrorism Security Office
 - Where safe to do so, ensures learners are given the opportunity to sit exams for their published duration
- 16.7 **Vice Principal/Senior Leaders** responsible for centre-wide emergency evacuation procedures
- Ensures all staff and appointed fire marshals are aware of the policy and procedures to be followed when an emergency evacuation of an exam room is required.
 - Ensures appropriate arrangements are in place for the emergency evacuation of a disabled learner from an exam room where different procedures or assistance may need to be provided for the learner, and that the learner is informed of what will happen in the event of an emergency evacuation.
- 16.8 **EO**
- Ensures invigilators are trained in emergency evacuation procedures and how an incident and actions taken must be recorded.
 - Ensures learners are briefed prior to exams taking place, on what will happen in the event of an emergency in the exam room, via emails and assemblies.
 - Provide invigilators with a copy of the emergency evacuation procedure for every exam room.
 - Provides a standard invigilator announcement for each exam room which includes appropriate instructions for learners about emergency procedures and what will happen if the fire alarm sounds.
 - Provides an exam room incident log in each exam room.
 - Ensures appropriate follow-up is undertaken after an emergency evacuation reporting the incident to the awarding body and the actions taken through the *special consideration* process where applicable for individual or groups of learners.

16.9 Invigilators

- a) By attending training and/or update sessions, ensure they understand what to do in the event of an emergency in the exam room.
- b) Follow the actions required in the emergency evacuation procedure issued to them for every exam room.
- c) Confirm with the EO, where different procedures or assistance may need to be provided for a disabled learner they are invigilating.
- d) Record details on the exam room incident log to support follow-up reporting to the awarding body by the EO (see below).

16.10 Other relevant centre staff

Support the senior leader, SEND Co-ordinator, EO and invigilators in ensuring the safe emergency evacuation of exam rooms.

16.11 Recording details

As soon as practically possible and safe to do so, details should be recorded. Details must include:

- a) Actual time of the start of the interruption.
- b) Actions taken.
- c) Actual time the exam(s) resumed.
- d) Actual finishing time(s) of the resumed exam(s).
- e) Further details could include report on learner behaviour throughout the interruption/evacuation, a judgement on the impact on learners after the interruption/evacuation.

General Data Protection Regulation Policy (GDPR)

17.1 The Academy complies with the regulations as set out by the Data Protection Act 2018 (DPA 2018) and the General Data Protection Regulation (GDPR).

17.2 There is a requirement for the EO to hold exams-related information on learners taking external examinations. Exam related data may be shared with:

Awarding bodies

Joint Council for Qualifications

Department for Education

Local Authority

The Media

Companies such as SISRA, ALPS, Pixl, Fisher Family Trust for data analysis purposes.

17.3 Data can be shared electronically or by hard copy. Where possible secure extranet sites are used e.g., e-AQA, OCR Interchange, Pearson Edexcel Online.

- 17.4 Data may relate to exam entries, access arrangements, the conduct of exams and non-examination assessments, special consideration requests, malpractice applications, exam results, and post result information.
- 17.5 In the unlikely event of a data breach, the EO will immediately report this to the VP in the first instance. A full investigation will be carried out in line with the TDET GDPR Policy.
- 17.6 Notification will take place to enable individuals who may have been affected to take steps to protect themselves or to allow the appropriate regulatory bodies to perform their functions, provide advice and deal with complaints.
- 17.7 All learners' exam-related information – even that not considered personal or sensitive under the DPA/GDPR – will be handled in line with DPA/GDPR guidelines.
- 17.8 Where personal exams data is required by a third party e.g., for a job reference, data will only be shared with a third party if the request is accompanied with permission from the learner to release the information.
- 17.9 In the case of looked after children, or those in care, individual learner data may be required by the local authority or other relevant authorities. Prior to any data being shared, the EO will confirm with the GDPR Lead that an agreement is in place to share the information with the authority.
